From the Organizer's Desk

Teaching is not a mechanical job. On the other hand, teaching of fine arts, i.e. drawing, painting, modelling, dance, drama, music etc. is fully adverse from teaching of science subjects like mathematics etc.

So, it is needful to arrange for discussions among the teachers of different colleges and universities and experts of respective subject field. It is also needful to exchange mode of expressions of the artist-teachers among themselves.

Participation in any workshop may help the teachers to strengthen their knowledge and ideas of teaching. It also provides an indepth analysis of subjects and update the knowledge of the participants.

Whereas, one of the objectives of Bengal Fine Arts College is to organize seminar/symposia/workshop for the college/university teachers, the 2nd State Level Art Workshop (Painting) has been organized by our college on the 16th & 17th February, 2009 in collaboration with University Grants Commission. 12 (twelve) teachers coming from all the art college and universities (Faculty of Visual Art) enthusiastically participated in 2-day painting workshop.

Now, I am very glad to bring out this catalogue of the paintings executed by the participating artist-teachers.

I am grateful to all of those by whom the workshop has been successfully organised and to the University Grants Commission.
